## MESSAGE FROM DR ALI BACHER

*"Howzattt - my Cricket Record Book"* offers you, the young cricket enthusiast, a systematic and fun way of keeping track of your progress in the game and of highlighting your special achievements during the season.

While compiling a very specific record of your personal contribution to the success or otherwise of your team, you are also invited to list the names of your team mates and to comment on any outstanding performances on the day, whether accomplished from within your own ranks or from that of the opposition.

Your records will feature alongside team photographs and autographs of your cricketing heroes. Perhaps you would like to record some of their outstanding performances too. Remember that just like you, each one of them is constantly striving to improve his performance. It takes a lot of courage and perseverance to achieve this!

I wish you and your team mates great success in the game in the forthcoming season. Cricket is a superb, exciting game and keeping a record of your participation in the forthcoming season and in the future, is an excellent idea!

Ali Bacher
