

MESSAGE FROM FORMER CRICKET COACH **BOB WOOLMER**

“HOWZATTT- MY CRICKET RECORD BOOK”

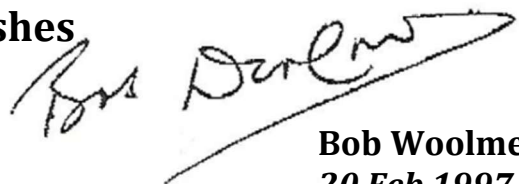

“As coaches we often talk to our charges about “goal-setting”. This publication will help you not only to set feasible and achievable goals but will also help you to remember your season- “Good or Bad”.

It is always nice to keep a record of your Cricket career, of the fun you had and of the people you meet. Also the things you learnt on the day you played. One of the great attributes of cricket is that every lesson tends to mirror life itself. It never fails to amaze me how I keep learning. Cricket sets up new horizons, new tests every time you play it.

One day you will go to a game as 12th man and end up playing because someone didn't turn up. I remember bicycling from ground to ground during the school holidays hoping that one of the teams might be short so that I could join in. I wish I had had a book to remind me of those marvellous times.

Sometimes you might need the book to show the selectors that you are better than they realize! Or indeed to show your girlfriend [boyfriend] of your feats. You might even be writing down the weaknesses of the opposition for future use. Whatever you use this book for, I can assure you that you have invested wisely and that you are playing the greatest game ever invented!!”

Best Wishes

Bob Woolmer
20 Feb 1997

IN MEMORY OF
Robert Andrew Woolmer
(14 May 1948 – 18 March 2007)

Whose Many Cricketing Achievements Include:

-International Cricketer (ENGLAND 1972-1976)
